Date to Remember

Monday, November 5th, 2018
Continuation of Native
American Task Force
6:00 pm
Lode Star Motel Meeting

Invited:

- All parents/guardians of Chamberlain School District Students
- CSD School Board Appointed Task Force members
- St. Joseph Representative

Smarter Balance Assessments

Testing Window is March 6th – May 3rd

Concerns about low test scores were brought up. Mrs. Brown and Dr. Johnson will do some tracking to see the progression/decline over the last 3 – 5 years along with a comparison to the rest of the state and will then share at the next meeting.

A practice test for CMS/CHS students will be sponsored by CSD closer to the testing date with pizza provided for all students interested in attending.

Safety

Concerns for safety of our children were brought to our attention in regards to a previous incident. All concerns were noted and will be taken into consideration if something similar were ever to happen again. CSD's goal is to come together as a school and as a community to keep our kids safe.

Bully Task Force

Ideas shared...consistency of documentation requested. More discussion will take place at continuation of meeting

Indian Policies and Procedures

Board will review three times.

It has been requested with the Impact Aid Application, before tribal chairman signs, that the task force has an opportunity to meet with him and the Tribal Council and has asked Dr. Johnson to reach out as well.

Review of Data

Information was shared about the Needs Assessment completed at the end of each year, current percentage of students receiving Title I services and numbers of students that attended Summer School in Fort Thompson and in Chamberlain

Have a wonderful week!
