

Good Afternoon,

The Chamberlain Elementary School has experienced a sharp and unexpected rise in COVID-19 cases in students and staff this week. We have rearranged schedules and teachers all week to cover classes in hopes of being able to keep our doors open to in-person learning. Unfortunately, we have reached a point where we can no longer cover for absent teachers and staff.

At the end of today, students will be sent home with supplies for eLearning which will begin tomorrow, October 30th and continue through November 6th. Please look on SeeSaw for all assignments. We will return to in-person learning on the Monday November 9th.

Two things to note. First, students will be sent to the cafeteria at the end of the day to collect breakfast and lunch for tomorrow. We are working out the details on how to continue to get everyone breakfast and lunch during this eLearning time. More details will follow.

Second, we understand that this may present a significant burden on your family. We have been allowed to utilize our PAWS program from 8:00AM-3:30PM during this COVID related event This will be run starting Monday November 3rd and continue through Friday November 6th.

This means that if your child is signed up for PAWS you can send them to school. We will have staff on site to work with them. Social distancing and masking are required this entire time. Please understand that COVID-19 is present at the elementary school and sending your child may expose you and your family. We will be sanitizing the entire building on Friday, October 30th and each employee that is working with students next week will be screened.

Thank you for your help with this matter; it is not an ideal situation for anyone. Please call the office if you should have any questions.

Regards,

Dr. Justin Zajic

Superintendent of Schools
