

Building Leadership Team

10/11/13

7:50 a.m.

Focus on ICU and Staff Collaboration

1) ICU Program

- a. Staff would like a change in the system when we do ICU holding areas such as what we did with Homecoming. Felt they needed additional staff members for help. (We decided we would house two certified and one Para in each room.)
- b. Hall monitoring and students in the halls – Has been good but we have the same students in the halls each day. (Decided to start back the no leave list for students who are abusing the hall situation during ICU)
- c. Schools visiting to look at our ICU – Kimball, Cheyenne Eagle Butte, and possibly Huron. Members agreed to have those staff members observe and discuss the program with them.

2) School Visits

- a. We discussed the opportunity to visit two schools this year again as a professional development opportunity.
 - i. West River – Either Pine Ridge or St. Francis
 - ii. East River – Either Tea Area or Canton
 - iii. It was decided to divide up the BLT team and have half go to one and the other half go to the other site. This way we could integrate other staff members to attend as well.

3) Staff Gathering

- a. Discussed the attendance at the District Foundation Spelling Bee
- b. Wanted to set up a CMS/CHS 1st semester gathering
 - i. Mini-Golf
 - ii. Cards
 - iii. Karoake

Items from Staff:

Rick – Search for new Science instructor to replace Mr. McEnelly

Cadena – Students coming back from MS Lunch and the area by the bathrooms. – Needs additional supervision.

Susie – Updating of list and making sure it is current.

Tom – Appreciated Admin stopping into classrooms and interacting with students.

Marc – Everything going good.

Sandy – Work Experience program and students on the list. How to handle habitual offenders.
