

Student on the Rise

Nominations are due to the Mr. Bertram.

Please remember that we are looking for students that would not normally be recognized elsewhere. Students that work hard for their grades, but don't make the Honor Roll, a student that puts extra effort into a project or a student that made a difference in the life of a peer for example. A student that has went above and beyond and has shown great improvements in the areas of academic achievement, effort, good deeds for others, attitude, and any other reason deemed suitable by the teacher.

** Please Note: A student may be nominated every month by more than one faculty member, but may only receive one write up per month.*
